

The end of the year & the holidays always brings back pleasant memories for me + but I've thought of our meeting many times since we visited last ~~the~~ July.

Dear Annie

I just wanted you to know what a pleasure it was to meet you and talk and see all the wonderful things you have been doing for the last 30 years. My work takes me all over the country but I have never seen a place of more magic than yours.

~~Besides~~ <sup>your</sup> the sculptures <sup>your</sup> sculptures  
~~It is~~ <sup>It is</sup> your stories that bring them alive - I hope you would consider a film being made so you could tell your stories. - as you said you want the work shared with lots of people and this might be a good way.

If we can be of any help I have shown photos of your house and read some of your poems to people in Los Angeles and ~~people~~ all were excited by what they saw and heard. We are trying to come up with some <sup>ideas</sup> suggestions to share your wonderful work ~~with more people (as suggested)~~ and still protect your privacy.

If we can be of any help to you - please let us know - I hope to be able to visit again - soon

My best
