Ms. Margaret Lynne Ausfeld  
Curator  
Montgomery Museum of Fine Arts  
444 South McDonough Street  
Montgomery, Alabama 36104-4279

Dear Ms. Ausfeld,

Thank you so much for the information on Mr. Rice and his Cross Garden. You filled in a number of gaps and restored our interest on the site.

May we be so bold to ask for what I hope is some new and easily gathered information. We'd like to know.....

1. Approx. attendance of the Perry Leston exhibit.....a qualified guess will do. We want to include this information in our exhibitions list.
2. Can you give us Mr. Leston's address?
3. Do you know of anybody, local, doing research on Mr. Rice or any other environmental sites? If not, can you suggest some Professor (etc.) at a local college or university who might be able to spring a couple of students loose to do research on this subject as a class project.

I apologize for answering so quickly - but I lose letters so often and I never remember if I've thanked people for the nice things they do for us.

Lastly, talk about shock of the old or new - we've been meaning to write Hughes, again, about this stuff and couldn't decide if he was loose enough to like it.

Thank you again for your help - you are bloody marvelous!

My best,

Seymour Rosen  
Director
