ROOM 211 "OLD ENGLISH"

Lamps in the front bedroom are authentic Old English Street Lamps from England which we have taken apart and remodeled for use in the Madonna Inn....these are not replicas.

In this room we have two of the new "lighted" paintings....a pub scene in the front bedroom, and in the back bedroom, a painting of the London Bridge and the Tower of London. In the dressing room and bathroom, antique English bracket lights, and other Old English touches have been used to carry out the room theme.

This semi-suite is furnished with a king and double bed.
