ROOM 212 "FLEUR-DE-LIS"

The national flower of France, the Fleur-de-lis, is depicted in the front door leaded glass insert, to identify this room.

French lamps are copies of antiques...the hanging lamp near the sofa has a French Lace Look. Large oversized fleur-de-lis bracket lights have been used in the dressing room...bathroom basins have the fleur-de-lis design, as do the fauset sets and the shower door.

Room is furnished with a king and double bed.
