

Dear Bud.

Here by some slides etc. for your  
restoration project. I hope that they  
can be of some help however Edward  
and I had lots of fun by the idea that  
his place would be totally overgrown  
by the jungle and that somewhere in the  
future a group of archeologists would discover  
his place and wonder what kind of a civilization  
would have lived there

Please send the slides back to the  
address in Amsterdam

Lots of greetings

Michael  
Gir
