Mrs. Dolores Vellutini
2424 J Street
Eureka, California 95501

Dear Mrs. Vellutini,

Since my last letter information about Romano Gabriel's garden and other folk environments has been given to Dr. Knox Mellon of Historical Preservation by interested people in the Governor's office. Dr. Mellon will attempt to look into the preservation of these kinds of monuments. If there are any changes with the garden please advise me so I may pass the information to Dr. Mellon.

Julia Connor, Deputy Director of the California Arts Council, is very interested in the garden. The California Arts Council is having their June meeting in Eureka and she is planning on visiting the garden at that time. I mentioned to her that she might contact you for more information.

Sincerely,

Seymour Rosen
