Dear Mr. Forestiere,

As you may remember I am putting a Bicentennial show together on contemporary folk art that covers quite a range of subjects including environments such as your underground garden. I have done some preliminary photographs of your garden but my time was limited and am now interested in obtaining additional photographs for inclusion in the exhibit.

Could you suggest the best time to come and photograph? I would like to do the documentation before the heat sets in. I have enclosed a self-addressed card for your convenience.

Thank you very much for your help.

Sincerely,

Seymour Rosen
