Dear Ms Conde,

SPACES (see enclosed) is a non-profit educational and preservation organization concerned with Americas' monumental folk art environments - like the work of Charles Kasling's "World of Lost Art".

We document and archive materials about the artist and the sites for historical needs, as well as act as an advocate for the artist and their works. SPACES initiated the proposal that made the "World of Lost Art", California Landmark #939.

Our basic information on Mr. Kasling is minimal. We have had to rely on published material that is inconsistent. We would appreciate any and all information you have on Mr. Kasling for our archives - if there are any restrictions on the use of the material - we will of course honor them.

Thank you for your help!

Sincerely,

Seymour Rosen  
Director
