Dear Ms. Gildersleeve:

We compliment you on your publication. In particular, we are interested in Charles Crowder's article entitled "The Old Trapper's Lodge" in Volume 5 Number 2.

SPACES is a nonprofit arts organization concerned with the identification, documentation and preservation of contemporary folk art environments (of which John Ehn's Old Trapper's Lodge is one). Enclosed is some information which describes some of what we do. Among other things, we maintain an extensive archive for use by art historians, preservationists, scholars, the media and others. It would be very useful to us to have two or three copies of your publication for our archives; could you send them to us?

We thank you in advance for your generosity.

Sincerely,

Seymour Rosen  
Director
