Dear Carol,

Congratulations on your most current grant on your way to a MacArthur  
"Genus" grant.

We are well but not necessarily thriving. Grants of any substance have  
dried up. An awful lot of people are dying on us and the families seem to  
wait until the last minute to call.

I've enclosed some stuff from a group trying to come up with a solution to  
save as much of John's place as possible. Do you know about this? The  
developer might be of some help. I'm sure they would like to know about  
your project.

If I can be of any help <sup>to you,</sup> let me know. Do you know what ever happened to allof  
John's papers? ^

Hello to everyone. Good luck with your work.

My best,

Seymour Rosen  
Director
